T-4169

Rabbit anti β-Atrial Natriuretic Factor (1-28) (Dimer, Antiparallel) (human) [UniProt: P01160]

Atrial Natriuretic Factor (ANF) is a 28 amino acid peptide hormone secreted mainly by the heart atria in response to atrial stretch. ANF acts on the kidney to increase sodium excretion and glomerular filtration rate (GFR), to antagonize renal vasoconstriction, and to inhibit renin secretion. In addition, Atrial Natriuretic Factor consists of Atrial Natriuretic Peptide (ANP) which exists in its precursor form, pro-ANP and it is an active ANP with a longer peptide chain (Urodilatin) and an antiparallel dimer of active ANP:

This antibody was generated by immunization of rabbits with β-Atrial Natriuretic Factor (1-28) (Dimer, Antiparallel) coupled to a carrier protein.

TECHNICAL AND ANALYTICAL CHARACTERISTICS

Lot number: n/a

Host species: Rabbit IgG

Quantity: 400µg

Format: Protein A affinity purified from antiserum, lyophilized, packaged under nitrogen.
Reconstitute by adding 0.2ml distilled water. This stock solution contains 2mg/ml IgG, phosphate buffer saline pH 7.4 (PBS), and 0.02% (w/v) Thimerosal as a preservative.

Stability: Original vial: at least one year at 4º - 8ºC from date of delivery. Minimize repeated thawing and freezing of the antiserum by freezing aliquots at -20ºC or below.

Applications: This antibody has been tested and validated in ELISA against β-ANF (1-28) (Dimer, Antiparallel). Other applications like immunohistochemistry (IHC), FACS or Western Blot may work as well. Optimal dilutions should be determined by the end user.
Please see **www.bma.ch** for protocols and general information.

Immunogen: Synthetic peptide H-Ser-Leu-Arg-Arg-Ser-Ser-Cys-Phe-Gly-Gly-Arg-Met-Asp-Arg-Ile-Gly-Ala-Gln-Ser-Gly-Leu-Gly-Cys-Asn-Ser-Phe-Arg-Tyr-OH (Disulfide bond linked dimer) coupled to a carrier protein.

Cross-Reactivity:

PEPTIDE:	%:
β-ANP (1-28) (dimer, antiparallel) (human)	100
ANF (4-28) (human)	3.4
ANF (1-28) (human)	2.9
Urodilatin	2.8
ANF Fragment (1-11) (human)	0
ANF (rat)	<1
CNP (32-53) (porcine, rat, human)	0
BNP-32 (human)	0
